

JIS Australasia Corporate Profile.

Who We Are

KEEPING IT SIMPLE

All JIS consultants have extensive experience in working with both small and large clients across a variety of industries.

At JIS Australasia we listen before we talk. We understand that no one knows your business better than you. Based on your expressed needs, and our product knowledge and experience from other clients, we make our recommendations. We always explain in a straightforward and practical manner how our services and product offerings could benefit your business.

Our goal is for our clients to make the most of their IT investments and achieve faster response times, more accurate data management, higher levels of customer service, quick return on investment and a stable technology platform for a healthy growth.

OUR VALUES

- Create Customer Value
- Strong Ethics & Integrity
- Promote Learning
- Build Teamwork
- Endorse Creativity

COMPANY OVERVIEW

JIS Australasia is a professional supplier of Enterprise Resource Planning (ERP) solutions and consulting services to corporateAustralia.

JIS Australasia is the a reseller of Jeeves ERP in Australia and New Zealand.

Jeeves ERP is probably the most flexible and cost-efficient ERP in the world and therefore the logical choice for small- and medium sized (SME) companies considering an update, upgrade or implementation of an ERP package.

JIS Australasia is based in Sydney, but operate throughout Australia and in New Zealand.

What We Do

For Jeeves customers JIS provide services to the full suite of applications, including sales, implementation, training and after sales support.

MOVEX/M3 ERP

Most of our consultants have a history with Lawson (formerly Intentionia) Software. JIS maintains a good relationship with Lawson and is an accredited service partner.

For Movex™ customers we offer services including, but not limited to:

- Movex ERP™
- Movex Workplace™
- Lawson SmartClient™
- iBrix™ development
- Movex e-Collaborator™
- Movex Information Engine™
- Movex Webshop™

DEDICATION TO QUALITY

JIS Australasia provides applications, services and technical support solutions to simplify business processes and allow companies to focus on day-to-day business operations.

We pride ourselves in the high standard of our work and understand that a happy customer is our best reference.

JEEVES ENTERPRISE ERP

Jeeves ERP is a Swedish ERP and one of the fastest growing in Europe. The unique flexibility and proven low cost of ownership has made it the benchmark amongst business systems for the SME market.
